Shining® Scan Checklist for Creating Orders

☐ Fill out the **Patient Name** (create a new record if necessary)

☐ Select the correct **Dentistry Type** to determine workflow

- Restorative - for crown preps

- Implants - for scan bodies

- Removable Denture - for denture type cases

- Orthodontic - for clear aligners

- Other - for extra scans (ex. surgical guides)

☐ Select the correct tooth sites and configure accordingly

- Correct material

- For restorative orders, set Pre-op to Yes

- Select a shade (if using the Vita Shade guide) or enter shade into the notes

☐ *** Enter a return date in the **Notes field** ***
