Shining® Scan Checklist for Creating Orders

☐ Fill out the **Patient Name** (create a new record if necessary)

☐ Select the correct **Dentistry Type** to determine workflow
- Restorative - for crown preps
- Implants - for scan bodies
- Removable Denture - for denture type cases
- Orthodontic - for clear aligners
- Other - for extra scans (ex. surgical guides)

☐ Select the correct tooth sites and configure accordingly
- Correct material
- For restorative and implant orders, check the box for a Pre-op
- Select a shade (if using the Vita Shade guide) or enter shade into the notes

☐ *** Enter a return date in the **Notes field** ***
